

BENEFITS

Each Preventive Care Plan provides veterinary services for one year and can be upgraded to a different plan when the need arises. Some benefits universal to all Preventive Care Plans are:

- All necessary vaccinations and diagnostic tests
- 12 affordable monthly payments
- Exam copay on scheduled examinations
- Additional discounts on eligible items that are not included in the plan

The cost for each Preventive Care Plan is divided into 12 equal monthly payments. Pell City Animal Hospital wants to be the primary caregiver for your special friend throughout every stage of life and we will strive to make that both convenient and affordable for you.

Ask one of our team members which Preventive Care Plan is right for your pet and enroll today!

Petly™ Plans

PREVENTIVE CARE PLAN OVERVIEW

Dogs and cats age at a much faster rate than people. For every year that you age, your dog or cat can age from 6 to 8 years.

Your pet's medical and nutritional needs change as their bodies age. A **Preventive Care Plan** helps manage their evolving health care needs by monitoring vital organ function and detecting problems early, before they become life threatening.

Every **Adult Preventive Care Plan** offered by **Pell City Animal Hospital** includes all necessary examinations, vaccines, laboratory tests and other services essential to protect your pet against illness and disease. Upgraded plans are designed to provide additional services like routine dental cleanings, radiographs and more extensive blood work. Our goal is to keep your pet healthy and happy during the prime years of their life.

Adult Petly Plans are designed for pets older than 7 months of age.
